

Solar Sunscreen Spray BIO SPF30 100 ml

EAN: 3700343096216 FABRICANTE: ACORELLE

Double sun and antioxidant protection, thanks to a 100% natural mineral filter and a patented API Oléo Actif? active ingredient that prevents skin aging. A fluid texture without white marks, to protect the face and body against UVA and UVB rays.

DESCRIPTION

A FORMULA THAT COMBINES SENSORIALITY AND PROTECTION

Adopt our SPF30 Sun Spray, which offers high natural protection against UVA and UVB rays. Composed of a mineral filter of 100% natural origin, the SPF30 Sun Spray offers immediate protection against UVA and UVB rays while remaining on the surface of the skin (specific ex vivo test carried out by an independent laboratory). Guaranteed without penetration into the skin, its effectiveness has been scientifically proven through in vitro and in vivo tests adapted to mineral filters.

Youth is preserved thanks to a combination of protective and antioxidant active ingredients that prevent deep damage caused by sun exposure: Api Oléo Actif?, a patented complex resulting from a synergy of pollen and propolis that fights against the formation of radicals free and organic. Karanja oil, used in Ayurvedic medicine for its protective properties. The formula is also enriched with organic turmeric extract, with nourishing and protective properties, and raspberry seed oil that nourishes and softens the skin. Throughout the exposure, the skin is protected and hydrated.

FAMILY PROTECTION WITH UNIQUE SENSORIALITY

Protect the whole family with SPF30 Solar Spray. A spray format, which allows a fine diffusion for easy and quick application on the face and body. The fluid texture applies very easily and penetrates quickly for a result without white effect, without greasy residue and non-sticky. Its high protection factor formula resists water and perspiration, so you can enjoy summer activities in total safety.

Let yourself be carried away by a sweet summer fragrance, with notes of Almond Blossom, Frangipani and Vanilla, 100% of natural origin and formulated without photosensitizing substances, for safe exposure to the sun.

This organic sun spray SPF30 is perfect for light, tanned or dark skin. For lighter and more sensitive skin, you can opt for a higher protection factor with the Certified Organic Sun Spray SPF50 or the Certified Organic Children's Sun Spray SPF50.

THE ENVIRONMENT AT THE CENTER OF OUR SUN PROTECTIONS

Acorelle is committed to the development of healthy formulas for both health and the environment. Each ingredient has been selected for its biodegradability and the formula does not contain derivatives of petrochemical origin. To go further in preserving the environment, titanium dioxide, a component of the 100% natural mineral filter, is coated with an inert and hydrophobic material that allows the product to remain on the surface of the skin and water. Water resistance that helps protect the seabed and marine biodiversity!

Acorelle has supported the Surfrider Foundation Europe for 2 years by donating 1% of its turnover to the sun protection range.

TIPS FOR USE

Shake before using.

Apply the product in sufficient quantity (about 6 teaspoons for an adult) on the body before sun exposure.

IF you reduce this amount, you risk reducing your skin's protection (burned skin is not tanned skin)

Reapply frequently to maintain protection, especially after swimming, sweating, or towel drying.

Do not spray directly on the face. Avoid contact with the eyes. Choose a protection factor adapted to your skin type. Do not stay in the sun for too long even if you use a sun protection product and avoid exposing yourself between 12 and 4 p.m. Overexposure to the sun is a serious health threat. Not suitable for children under 3 years old. Do not expose small children and babies directly to the sun. It is highly recommended to wear a hat, covering clothing and sunglasses.
