Algologie is a brand that belongs to Abad laboratories. Laboratorios Abad has more than 35 years of experience in the manufacture of cosmetic products from algae. The purpose of their products is to achieve beautiful skin, with the concept that beautiful means healthy.

DESCRIPTION

Laboratorios Abad extracts the algae it uses to manufacture its cosmetic products through seaweed from organic farming, with which it contributes to caring for the environment. The algae they use come from all over the world, they are collected at the right time, and at the right depth and distance to guarantee the best quality.
