

## Facial sun cream factor 50+ 100 ml

EAN: 8436027342861    FABRICANTE: ALGOLOGIE

*Made with: Sun Filters. Combines various types of sun filters. Cares for and protects the skin from the harmful effects caused by sun exposure.*

### DESCRIPTION

Sunscreen with very high protection, specifically designed for the care and protection of the skin most vulnerable to the harmful effects of solar radiation, especially in cases of low tolerance to the sun.

It forms an invisible film on the skin surface that constitutes a second skin that guarantees maximum skin safety, without compromising its correct breathing (occlusive effect) or providing an undesirable greasy effect.

### How to use Sunscreen Factor 50+?

Apply 20 minutes before sun exposure, evenly and generously. To maintain protection, reapply frequently, especially after swimming, drying or perspiring. Avoid contact with eyes. Avoid sun exposure between 12:00 and 16:00. Keep babies and children under 3 years of age out of direct sunlight. Excessive sun exposure is a major health hazard.

### Action and result:

High protection sunscreen for face and body SPF 50+. Protects against skin damage caused by exposure to UVA/UVB rays. Cream with a smooth texture and rapid absorption that allows use on both face and body. Has a pleasant peach scent.

### Ingredients:
