*Sweet Paprika can be used in numerous recipes ranging from legume stews (lentils, beans, chickpeas) to vegetables, ...*

### DESCRIPTION

#### Characteristics of sweet paprika

- **Flavor and aroma** : It has a smooth, slightly sweet taste with earthy nuances, which adds depth to recipes without adding spiciness.
- **Color** : Its characteristic reddish tone is ideal for giving color to dishes.
- **Varieties** : Depending on the drying method (air or smoke) and the region of origin, it can acquire different nuances of flavour.

Prices valid except for changes on our website. (IVA/VAT) included. Doc. Version bf-trf-G-20241222
