Barleycup launched the first coffee bean production under the Inka brand. Over the years they became part of the Cafea group specialized in the production of instant coffee.

DESCRIPTION

Barleycup was founded in 1911. Its first production was roasted and ground chicory. It was very successful in Poland. Inka became synonymous with coffee beans. Over time, the emoresa became part of Cafea, a company specialized in the production of instant coffee. It also produces coffee beans, decaffeinated coffee, cappuccino, and baby products.
