

Betasil 60 Capsules

EAN: 8437017402213 FABRICANTE: BETULA

Milk Thistle, Artichoke, Black Radish, Green Tea, SAME, Alpha Lipoic Acid, N-Acetyl Cysteine and Choline. Suitable for vegetarians. 100% natural ingredients.

DESCRIPTION

Milk thistle (*Silybum marianum*) is one of the most commonly used plants in cleansing diets. Its main component is silymarin, a mixture of flavanolignans whose main components are silybin, silicristin and silidianin. To ensure that the extract used is of quality, it must be standardized in silymarin.

Betasil provides a standardized extract of milk thistle of the highest quality, with 200 mg of silymarin, to meet the levels of the reference monographs.

It includes good levels of artichoke (*Cynara scolymus*), black radish (*Raphanus sativus*) and green tea (*Camellia sinensis*), 3 of the most recommended plants together with milk thistle.

It also contains excellent levels of the sulfur compounds N-acetyl cysteine, alpha lipoic acid and SAME (S-adenosyl methionine).

With choline, a substance related to B vitamins.

Composition:

Composition per 1 Capsule

Milk Thistle Extract	250 mg
Providing Silymarin	200 mg
