

Isogyn 45 Capsules

EAN: 8437017402107 FABRICANTE: BETULA

Soy Isoflavones, Resveratrol, Sage, Black Cohosh and Alfalfa.

DESCRIPTION

What is Isogyn by Betula?

Soy is one of the best-known and most widely used plants for female well-being during menopause due to its contribution of **isoflavones**, a group of flavonoids in which **genistein, daidzein and glycitein stand out**.

Resveratrol, sage, black cohosh and alfalfa are plants and plant products with nutrients that are very suitable for this stage of life and that combine perfectly with **soy isoflavones**.

- **Isogyn** contains 40 mg of soy isoflavones per capsule.
- With **sage** (*Salvia officinalis*), **black cohosh** (*Cimicifuga racemosa*) and **alfalfa** (*Medicago sativa*) three synergistic plants.
- With 25 mg of **resveratrol**, a polyphenolic compound commonly found in vegetables such as grapes and berries.
