

Superbiomin 425 Capsules

EAN: 8437005420144 FABRICANTE: BIOMIN

Rock powder rich in minerals and trace elements. 100% natural product. The rock mineral powder comes from a deposit that was discovered in 1981 in Austria. It is considered the only one in the world that has a composition so rich in minerals and trace elements that make it participate in a series of benefits.

DESCRIPTION

Indications

The Superbiomin formula is indicated to help remineralize bones as well as reduce inflammation and regenerate tissues. It is very useful for osteoarthritis, arthritis and inflammatory and degenerative processes of the musculoskeletal system.

Superbiomin is recommended for joint pain and the proper functioning of the musculoskeletal system. As it contains minerals, it significantly improves fatigue and mood in older people. It is fully compatible with the taking of anticoagulants.

It has no side effects and is particularly recommended for joint and muscle problems.

Instructions for use

1st week - Take 1 capsule a day before the main meal.

2nd week - Take 2 capsules a day before the 2 main meals, that is, two capsules twice a day.

3rd week - Take 2 capsules before each meal, that is, two capsules three times a day.

*If you have constipation problems, it is not advisable to take the capsule at night, take only the dosage in the morning and at lunchtime.

Observations

Although **Superbiomin** has no **side effects** or **contraindications**, in some very sensitive people, it may cause some minor accommodation problems during the first few days. If this is your case, stop taking Superbiomin for three or four days, your body will regulate itself and you will be able to continue benefiting from the extraordinary properties of **Superbiomin** rock mineral powder. The human body needs an intake of 35 gr. of water per kg. of weight per day to properly perform its physiological functions. Drinking the right amount of water also facilitates the absorption of the components of Superbiomin.
