Biosaurus is a brand that seeks a new generation of healthy snacks as healthy as possible. Biosaurus only works with organic ingredients that meet its highest quality requirements. BioSaurus snacks are certified gluten-free and also contain no fat. Thanks to the fact that they produce at a low temperature, their snacks are rich in minerals and vitamins.

DESCRIPTION

Biosaurus products are certified organic, do not use pesticides or fertilizers in cultivation and do not use chemicals or artificial additives during the processing of said snacks. The biosaurus snacks are GMO-free, that is, free of genetically modified organisms, and they are also gluten-free, therefore, suitable for all those people with celiac disease.
