Bioserum was born in 1989 using natural products as the only active principle. Bioserum is dedicated to complementary medicine, which consists in achieving a harmonious and balanced state of health.

DESCRIPTION

To begin with, as a form of prevention we can stimulate our body's defenses by modifying our lifestyle and diet and managing emotions so that our immune system works correctly again.

Bioserum is committed to biological medicine that brings together an adequate nutritional intake, orthomolecular supplementation, herbal medicine. on the other hand, nutraceuticals with bioregulatory action are made up of active principles of vegetable, organic, mineral and marine origin that help prevent or combat diseases and restore homeostasis.
