Web: <https://www.casapareja.es/>

Casapareja makes its organic and biodynamic products from raw materials from organic farming. Through organic farming, Casapareja obtains products with the original flavor of the fruit. Organic oil, organic wine, organic olives and oil soap are Casapareja's star products.

DESCRIPTION

Casapareja is very aware of the importance of ecological awareness for the population. That is why they develop a sustainable agriculture project, respecting the environment, taking advantage of by-products, both from the cultivation of olives, and from the process of obtaining oil, grapes and wine.
