ACRYLATES/C10-30 ALKYL ACRYLATE CROSSPOLYMER ?BUTYROSPERMUM PARKII BUTTER / SHEA BUTTER ?BENZOIC ACID ?PEG-100 STEARATE

BENEFITS:

A lightweight daily moisturizing face lotion with SPF 50 protection against UVB/UVA rays and 3 essential ceramides, to leave skin soothed and hydrated for up to 24 hours, while repairing the skin's natural barrier.

- CeraVe Moisturizing Face Lotion SPF50 is suitable for normal to dry facial skin.
- With 3 essential ceramides and SPF50, the gentle formula contains broad-spectrum photoprotection to defend the skin's barrier against UVA and UVB rays. This fast-absorbing moisturizing lotion also helps protect skin against pollution particles.
- Thanks to CeraVe's patented MVE technology, this lightweight lotion provides a continuous release of hydrating actives throughout the day, providing hydration for up to 24 hours. Skin feels soothed, hydrated, and looks balanced.
- Non-comedogenic. Unscented. Non-greasy texture.
- For your daily facial routine, cleanse with CeraVe Hydrating Cleanser for normal to dry skin or CeraVe Foaming Gel Cleanser for normal to oily skin. Then, apply CeraVe Moisturizing Face Lotion SPF50 to hydrate and protect the skin from daily aggressions.
- It also contains vitamin E and niacinamide, and leaves skin soothed and hydrated.
