DESCRIPTION

Cannabis Strong from Novity

What is Cannabis Strong used for?

Omega 3, 6 and 9 is rich in fatty acids of the Omega 3, 6 and 9 series. The Omega 3 series has a beneficial action on the main cardiovascular risk factors, since which maintains a healthy lipid balance, reducing triglyceride and cholesterol levels in the blood. The Omega 6 series is a precursor of prostaglandins, with a known effect on the immune system, the central nervous system and hormonal modeling. The Omega 9 series is important for promoting an inflammatory response adequate. In addition to these physiological properties, Omega 3, 6 and 9 series represent an indispensable source of nutrients and energy for our body.
