### DESCRIPTION

The history of the **Drasanvi** company goes back three decades, when Óscar López and Rosa Bermejo decided to turn their passion for natural products into a business project that could improve people's health and well-being.

Currently, the Drasanvi brand is present in more than 10 countries, where it sells close to a thousand products of the highest quality and efficiency. The company has established itself as a benchmark in the sector thanks to its commitment to excellence and innovation, and its focus on improving people's quality of life through natural and effective products.

The company has a wide variety of product lines designed to improve the **health of the bones, joints, cardiovascular, nervous, digestive and liver systems**. In addition, the company offers products to **improve sleep quality, increase energy, and reduce symptoms of allergies, menopause, and other nutritional deficits**.

The main objective of the company is to meet the needs of people at all stages of life in a completely natural way. To this end, the company has specialized in the research and development of high-quality and effective products that offer natural and effective solutions to improve people's health and well-being. With this approach, the company has established itself as a benchmark in the sector, recognized for its commitment to quality and innovation in the field of natural health.

During the last decade, the company has maintained a firm commitment to health and sport, becoming sponsors of various sporting events, local and national teams and prominent figures from the world of sports, such as Rafa Nadal, the Spanish Soccer Team, the Women's Race, Desafío Somiedo, among others.

The company considers that sport is a fundamental activity to maintain a healthy and balanced life, and for this reason, it has made a strong commitment to this sector, collaborating in the organization of high-level sporting events and supporting elite athletes on their path to success. Thanks to this
