

## CONCENTRATED CREAM ESP TARGETED AREAS 100 ml PED

EAN: 8436002857250 FABRICANTE: D'SHILA PEDIATRIC

*D'Shila pediatric concentrated cream is especially indicated for your baby's delicate and sensitive skin. It is a cream to moisturize and nourish scaly or very dry areas.*

### DESCRIPTION

**D'Shila pediatric concentrated cream** is a cream to hydrate, nourish and obtain a very emollient skin in those areas that are more altered and that present greater dryness and flaking.

**D'Shila pediatric concentrated cream ingredients:** Natural mineral spring water, omega 6 essential fatty acids, colloidal oatmeal, organic oat extract, organic oat extract, organic calendula extract, shea butter, jojoba oil and panthenol.

**How to use:** Spread with your hand on the area to be treated, giving a gentle massage until completely absorbed. It is recommended to apply twice a day. In areas with greater peeling or dryness, it can be applied more frequently.

Does not contain preservatives, dyes or allergenic substances.
