

OILY BATH FLUID 200 ml PEDIATRIC

EAN: 8436002857267 FABRICANTE: D'SHILA PEDIATRIC

Oily Pediatric Bath Fluid is from D'Shila and is like a body wash but in oil. This oily fluid from D'Shila provides the baby's skin with hydration and nutrition.

DESCRIPTION

D'Shila Pediatric Bath Oily Fluid hydrates baby's skin and nourishes it. It is indicated for the daily bath of the baby. With the D'Shila oily bath fluid, the baby will not have dry skin or flaking, but will act as a protective barrier for the skin, providing it with essential nutrients.

How to use D'Shila Pediatric Oily Fluid: Spread by hand or with the help of a sponge all over the body, gently massaging until a creamy foam is formed.

It does not contain colorants, preservatives or allergenic components.
