

PEDIATRIC ULTRA SOFT SHAMPOO 100ML

EAN: 8436002857243 FABRICANTE: D'SHILA PEDIATRIC

D'Shila Pediatric Ultra Mild Shampoo is a very mild shampoo so it can be used daily. The ultra mild pediatric D'Shila shampoo cleanses, moisturizes and nourishes the scalp.

DESCRIPTION

The **ultra mild pediatric D'Shila shampoo** is a shampoo indicated for the little ones in the house. It does not contain colouring, preservatives or allergenic products.

Thanks to its extreme softness, the shampoo does not irritate the eyes.

It incorporates a natural conditioner that, in addition to facilitating combing, adheres to the hair cuticle and renews its lipid layer, unlike other hair hygiene products that are more aggressive and damage it.

It allows daily use thanks to its extreme delicacy and its non-aggressiveness with the hair and scalp. It is also suitable as a frequent use shampoo for the whole family.

Its innovative formulation with a soft natural cleansing base from palm and coconut oils provides hygiene for the hair and scalp of children and babies, not at all aggressive, very careful and delicate.

How to use: Apply to the palm of your hand and spread over wet hair, gently massaging until foam forms. Rinse and repeat the process if necessary.

Pediatric D'Shila ultra mild shampoo **ingredients:** natural mineral spring water, organic oatmeal, organic chamomile, organic calendula, panthenol and wheat proteins.
