EAN: 8420101216490

FABRICANTE: ELADIET

*Food supplement with Tripto1Q complex, magnesium, iron and vitamins B3, B5 and B6.*

### DESCRIPTION

What is Triptosmile and what is it for? It is a food supplement that contains the Tripto1Q complex, along with magnesium, iron and vitamins B3, B5 and B6. Triptophan, an essential amino acid found in Triptosmile, plays a crucial role in the production of serotonin, an essential neurotransmitter for cognitive function, concentration, and maintaining a positive mood. Triptosmile is designed to help you overcome the gray days and add color to your life. In addition, the magnesium and vitamins B3, B5 and B6 in this product contribute to maintaining normal psychological function and reducing the feeling of tiredness and fatigue. What is the composition of Triptosmile? For 2 tablets: L-Triptofano (600 mg). Magnesium 56.5 mg. Coenzyme Q10 28 mg. Vitamin B3 16 mg. Iron 4.2mg. Vitamin B5 6 mg. Vitamin B6 1.4 mg. What is the Triptosmile dosage? Take one to two tablets a day, before breakfast or before one of the main meals. Should I take any precautions before taking Triptosmile? It should not be consumed by pregnant women, nor by those who are being treated with antidepressants or who have kidney failure.
