

Butycaps 30 Envelopes

EAN: 8436048047264 FABRICANTE: ELIE HEALTH

Food supplement based on encapsulated butyrate triglyceride. Tributyrin 30 Envelopes

DESCRIPTION

What is Butycaps used for?

Butycaps is useful in situations where **butyrate** levels in the colon are low, such as:

- **Inflammatory bowel diseases.**
- **Diverticulosis.**
- **Irritable bowel syndrome.**
- **Chronic constipation.**

Butyric acid has important actions for intestinal health, including nutrition and trophism of intestinal cells, such as promoting a balanced intestinal microbiota.

Tributyryn is a triglyceride containing three molecules of butyric acid. It is a form of administration that guarantees high bioavailability of butyric acid in all sections of the intestine.

BUTYCAPS® Granules technology allows for a slow and gradual release of butyrate throughout the intestine.

BUTYCAPS®: The effective butyrate.

- Non-chewable granules
- Allergen free
- Non-GMO

Food supplement.

Tributyryn 900 mg (butyric acid 787 mg) / sachet.

Recommended daily dose: 1 sachet per day.

Prices valid except for changes on our website. (IVA/VAT) included. Doc. Version bf-trf-G-20241116
