

## Cerate Herbal 50g

EAN: 8436003025030    FABRICANTE: EQUISALUD

*Indicated for burns, cold sores, bumps, bruises, cracked skin, dry eczema and sunburn.*

### DESCRIPTION

It is an ointment made by Equisalud Laboratories, which **has antiseptic-disinfectant, healing-regenerative and antiviral action** .

This product also has circulation-activating and anti-inflammatory properties.

### Instructions for use and recommended amount

Apply externally with a gentle massage to facilitate penetration, several times a day.

### Action:

Ointment (cerate) based on tradition, made from sweet almonds, beeswax and plants. Antiseptic-disinfectant, healing-regenerating, antiviral, circulation-activating and anti-inflammatory.

Burns, rashes in small children, bed sores and ulcers, wound healing, keloids, varicose veins, cold sores, hemorrhoids, chilblains, bumps, bruises, cracked hands and feet, some psoriasis and dry eczemas, sunburn, faces damaged by wind or other causes, infected abscesses, pimples, etc.

### Explanation:

Plantain is one of the best anti-inflammatory and demulcent plants. Yarrow, among its many actions, is a haemostatic and vasoconstrictive plant, as well as regenerative and healing. Horsetail is considered one of the best haemostatic and regenerative plants due to the presence of organic silicon in its molecular structure. Arnica is a plant with a clearly anti-inflammatory action. The composition is completed with plants that have been used for these purposes for a long time. The action is completed by the demulcent and regenerative effect of almond oil and virgin wax, respectively.

**Presentation** Cerato

**Amount** 50 gr.

**Composition** Sweet almond oil, white beeswax, plantain leaf extract, yarrow flower extract, celandine extract, water, echinacea root extract, sorbitol oleate, propylene glycol, alcohol, arnica flower extract, comfrey root extract, horsetail extract.

**Warnings** Topical use. Do not ingest. Avoid contact with eyes. Keep out of reach of children.
