

## Jasmine Absolute From India 2 ml

**EAN:** 8413568001006 **FABRICANTE:** ESENCIAL AROMS

*Made from Indian jasmine flowers, jasmine absolute has an intensely floral, sweet and delicate fragrance. With exotic and long-lasting notes, its aroma is known to balance, calm, regulate and sedate. It is widely used in the perfumery industry to create captivating and unique fragrances.*

### DESCRIPTION

Jasminum grandiflorum and J. officinale are the two botanical species that produce the jasmine flower from which its essential oil is obtained. They belong to the Oleaceae family and their origin is in India.

The essential oil is extracted through the solvent extraction technique from the fresh flowers, while the absolute is obtained from the jasmine concrete. Jasmine essence is highly valued in the perfume industry for its delicate and sweet floral aroma, which brings exotic and long-lasting notes to fragrances.

### How should I use Indian Jasmine Absolute?

It is used at a weak dilution. No more than 1 drop of absolute per 5 ml of carrier vegetable oil or natural eau de cologne.
