

Nat-SX 10 Capsules

EAN: 8436021825490 FABRICANTE: ESPADIET

Nat-SX. Specific preparation of nutrients to maintain an active hormonal level, increasing libido and sexual desire.

DESCRIPTION

What is Nat-SX from Espadiet and what is it for?

It is a natural food supplement that serves to maintain an active hormonal level, increasing libido and sexual desire.

What are the ingredients in Espadiet's Nat-SX?

- Liboost® (Turnera diffusa).
- Maca dry extract.
- L-arginine.
- Dry extracts of Tribulus terrestris and Muira puama.
- Zinc gluconate.
- L-selenomethionine.
- Anti-caking agent (magnesium stearate).
- Coverage: gelatin capsule.

L-Arginine is a non-essential amino acid precursor of nitric oxide, and this is the key to its organic action, since it has a relaxing effect on the muscles of the arterial walls.

Tribulus terrestris contains saporine steroids, these produce a general stimulating effect on motor activity, muscle tone, restorative tonic for vigor, vitality and resistance.

Muira puama is one of the most effective plants for the treatment of impotence and decreased libido,
