EAN: 3700790002631    FABRICANTE: FENIOUX

*The Fenioux artichoke used as a diuretic, depurative, detoxifying the liver, to increase biliary secretion and for the poor digestion of fats.*

### DESCRIPTION

The **Fenioux artichoke** is a plant-based food supplement. The artichoke or *Cynara scolymus* is known as the protective plant of the liver, therefore, very effective for hepatobiliary disorders such as **sluggish liver**, poor digestion of fats, **fatty liver**. Being detoxifying and eliminating fat accumulated in the liver, it is also effective in lowering cholesterol levels. The artichoke is also used as a **depurative** or **diuretic** and to relieve **constipation**.
