Floralps, is a company that was born in Murcia and is dedicated to the production of herbal teas, organically grown infusions, food supplements and superfoods and nutritional supplements. Floralps infusions, from the field to your table, enjoy them.

DESCRIPTION

Floralps selects medicinal plants directly in the field. They are dedicated both to the preparation of simple infusions, that is, of a single medicinal plant, as well as mixed infusions, that is, making mixtures of several medicinal plants. And of course, they also have organic infusions, since they have the organic cultivation certificate.
