

Germe Di Grano Plus 100 ml

EAN: 8023966100777

FABRICANTE: FORZA VITALE

Wheat Germ Food Supplement, with supporting and tonic actions.

DESCRIPTION

Honey contains up to 3% of mineral substances, including iron, phosphorus, potassium, calcium, magnesium and zinc; it is also rich in vitamins B1, B2, B6, vitamin C, pantothenic acid, folic acid and plant pigments such as carotene. It is a true panacea for general health, known and appreciated since ancient times.

Wheat germ contains B vitamins (B1 and B2), vitamin PP (B3) and trace elements, especially phosphorus, and is therefore an excellent purifier, normaliser of intestinal flora and an excellent tonic. It is also useful as a memory aid.

In Russia, Eleutherococcus is administered to the elderly to delay aging and in hospitals to convalescents. It is a bioactivator that increases the body's resistance to effort and stress. Its action is attributed to the presence in the phytocomplex of a specific heteroside: syringasinerol. Royal Jelly is rich in proteins, carbohydrates, trace elements (iron, nickel, cobalt, gold, chromium and others), vitamins of group B (B1, B2, B6, B12), biotin, pantothenic acid, vitamin C, vitamin E; it has a rebalancing action on forms of metabolic disorders in the body. It is easily assimilated and is excellent for students, as it improves memory and increases the general tone of the body, being useful in convalescence to return more quickly to a normal state of well-being.

Ingredients:
