

Quinta Essence Santoreggia 10ml

EAN: 8023966600413 FABRICANTE: FORZA VITALE

Food supplement with savory essential oil.

DESCRIPTION

It is a highly antiseptic plant, used in the treatment of infectious, urinary and respiratory diseases. Its essential oil acts on a large number of Gram + bacteria (staphylococci and streptococci) and Gram - (colibacilli), as well as on various pathogenic fungi (Candida).

Prof. Pellecuer is responsible for demonstrating, through his in-depth research, the therapeutic importance of Satureja hortensis as a bactericide and fungicide. Thanks to its properties, Savory is rightfully included in the group of the best germicidal aromatic essences (oregano from Spain, thyme, cinnamon from Ceylon, clove and savory). Properties: tonic, stimulating at the intellectual and cortico-adrenal level, exciting, aphrodisiac, antiseptic, antibiotic, bactericidal, eupeptic, antiemetic, stomatic, digestive, carminative, astringent, vermifuge, balsamic, expectorant, healing, anti-catarrhal, anti-putrefaction, antispasmodic, emmenagogue, fungicide.

Aromatherapy references

Jupiter and Aquarius share dominion over the venous system. Liver (Sagittarius) and Spleen/Pancreas (Aquarius) are connected by geomagnetic parallels; Sagittarius is ruled (without exaltations by any other planet) exclusively by Jupiter. Spleen/Pancreas (Aquarius) is also pulsologically associated with Stomach (Cancer), where Jupiter is exalted in the domicile of Moon. Jupiter (in the fourth Shruta of the Mundaka Upanishad) appears as the dazzling flash of fire "Spulingi" i.e. "the Sparkling One".

Ingredients: Alcohol, Savory (Satureja hortensis L.) ae 5%.
