

Sys Biancospino 50 ml

EAN: 8023966700113 FABRICANTE: FORZA VITALE

Hawthorn Food Supplement. Promotes relaxation and regular blood pressure.

DESCRIPTION

It is an excellent prophylactic, its effect is slow but long-lasting, which is why hawthorn is also called the valerian of the heart, calming the heart and dilating the vessels. It is said that this plant overcomes the effect of digitalis. It regulates both high and low blood pressure. Especially elderly people should take hawthorn regularly.

It increases the heart's metabolism and, in the context of post-heart attack treatment, it can be combined with other medications. Its constituents include triterpenic acids, flavonoids, procyanidins and amines.

Ingredients

Water, alcohol, Hawthorn (*Crataegus oxyacantha Medicus*) leaves and flowers 20%, honey.
