

## Sys Cimicifuga 50 ml

EAN: 8023966701042

FABRICANTE: FORZA VITALE

*Cimicifuga Food Supplement, helps to counteract the discomforts of menopause.*

### DESCRIPTION

It belongs to the family of buttercups and grows in forests or woodlands. Its dark green leaves can reach a length of 70 cm and its flowers have four petals. The fruits, which contain numerous seeds, are brown.

For the therapeutic purpose of the plant, the rhizome is used after it has been dried.

The plant has been known since ancient times, when it was used to keep bedbugs and snakebites away. It can be used as an adjuvant in the physical and psycho-emotional symptoms related to menopause, such as hot flashes, migraines, sweating, heart palpitations, dizziness, depression and irritability; helping the body to regain a correct hormonal balance, as demonstrated by clinical data. The main characteristic constituents include: cycloartanolic triterpenes, acetol, acetylactol, actin and cimicifugoside.

In addition to relieving the symptoms of menopause, Cimicifuga is also indicated to treat osteoarthritis, neuralgia and rheumatism.

**Ingredients:** Water, alcohol, Cimicifuga (*Cimicifuga racemosa* Nutt.) rhizome 20%, honey.
