

Sys Tormentilla 50 ml

EAN: 8023966701431 FABRICANTE: FORZA VITALE

Tormentilla Food Supplement, promotes regular intestinal transit

DESCRIPTION

It has globular pieces of reddish-brown rhizome, partially covered with cork, of which the stripes can be seen reaching the roots, which are very clear. Its beneficial effects can cure diarrhea, sore throat and, as a poultice on wounds. The most important constituents of Potentilla are tannins, especially agrimonin, gallo catechol, gallo cyanin, the avonoids kempferol and quercetin, and the saponin tormentoside. Some tannins and avonoids together are vasoprotective. Some tannic polymers stimulate insulin secretion. Saponins act directly as spasmolytics and anti-inflammatory. Do not use during pregnancy and in chronic disorders of the gastrointestinal tract.

Ingredients: Water, alcohol, Tormentilla (*Potentilla erecta* Rauschel) root 20%, honey.
