

Fructo-Biotic Daily Shot Pack 6X80 ml

EAN: 4260137743812

FABRICANTE: FRUSANO

Organic fermented drink with lactic acid bacteria, for people with fructose intolerance. Low FODMAP. Gluten-free, lactose-free, sorbitol-free, sweetener-free, vegan, organic.

DESCRIPTION

Fructo-Biotic Daily Shot allows you to increase your general well-being and achieve healthy intestinal flora. 400 million lactic bacteria, in a low FODMAP drink, completely sugar-free and inulin-free, contribute to maintaining a healthy intestine. Fructo-Biotic can increase the amount of good bacteria in the intestine, especially in people with fructose intolerance, but also in patients with irritable bowel syndrome. The probiotic bacteria cultures contained in our fermented drink reach the intestine alive. Here they play an important role in natural digestion and support the body's defense systems.

One pack contains 6 bottles for daily use. Regular intake is recommended so that bacteria can settle permanently.

What are the ingredients in Fructo-Biotic from Frusan?
