*Masks made in Spain. Galmask are producers of FFP2 and FFP3 masks located in Galicia, Spain. They have high-tech automatic industrial production lines. The FFP3 and FFP2 Galmask masks are tested and produced under the European standard EN 149:2001+A1:2009 for self-filtering masks for particles.*

### DESCRIPTION

## National and International Market

The masks are manufactured in Galicia and marketed through Dismark's distribution channel and logistics warehouses from Santiago de Compostela for the national and international market.

We currently export to different countries in the European Union.

Galmask masks are tested and CE marked according to European standard EN 149:2001+A1:2009 for self-filtering masks for particles.

Nationally manufactured product.
