EAN: 8018799025076    FABRICANTE: GRICAR

*For the defenses and well-being of the nose and throat.*

### DESCRIPTION

#### PROPOLIS DROPS FOR ADULTS

It is a food supplement of Propolis with Honey and extracts of Echinacea, Marshmallow and Licorice.

Propolis is obtained using the MAEF™ method, a highly efficient maceration process to produce a concentrated, purified and dewaxed extract.

Echinacea supports the body's natural defenses; Altea is a valuable aid for the functionality of the mucous membranes of the respiratory system.

Finally, Licorice is useful for the well-being of the nose and throat and for the fluidity of bronchial secretions.
