

Hawa Diur 60 capsules

EAN: 5600229712415

FABRICANTE: HAWA PHARMA (Life Natura)

Hawa Diur is a food supplement indicated as a diuretic to promote the elimination of liquids when suffering from retention.

DESCRIPTION

What is Hawa Diur and what is it used for?

Hawa Diur is based on Orthomolecular Nutrition and serves as a diuretic with the exception that it does not eliminate potassium and magnesium from the body, important minerals for our body and that many diuretics do eliminate them with the consequent consequences.

What is the composition of Hawa Diur?

The composition of Hawa Diur is:

Equisetum arvense (dry ext. 4:1) 250mg

Hieracium pilosella (dry ext. 4:1) 150mg

Hibiscus sabdariffa (dry ext. 4:1) 150mg

How should I take Hawa Diur?

Hawa diur must be taken orally. Take two capsules in the morning on an empty stomach with a little water.
