

## Livercare 60 tablets

EAN: 5019781000265 FABRICANTE: HEALTH AID

*Promote liver health and detoxification. The liver is the metabolic center of the body, responsible for processing most of the body's metabolic waste. It is responsible for removing certain toxins from the body through two main mechanisms, known as phase 1 and phase 2 detoxification processes.*

### DESCRIPTION

The liver is also responsible for converting excess energy into fat stores and then converting stored fat into usable energy when the body needs it. Liver health is critical to the functioning of metabolic pathways.

Livercare® tablets are carefully formulated with specific ingredients that contribute to normal liver health. Livercare contains amino acids, which help the formation of new cells in the liver, and milk thistle, which contains silymarin, which supports liver health. Other ingredients include artichoke, which contains silymarin and cynarin, which act as antioxidants and help with detoxification.

- Dairy free.
- Gluten free.
- Vegetarian.
- No preservatives.

### Benefits:

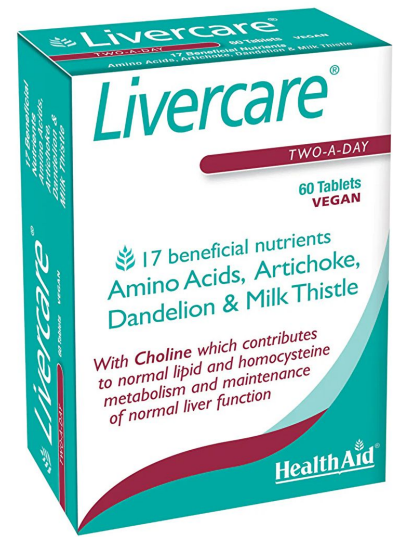

- Supports detoxification and liver function.
- It can help with normal energy metabolism.
- Optimal digestion and metabolism of fats.
- It can help reduce the effects of modern lifestyle choices.
- Maximum support for the liver.
