### Extract:

Aloe Barbadensis (Aloe Vera).

- Moisturizing and softening.
- Aloe is recognized worldwide for its moisturizing action that helps maintain the natural balance of the hair. It is emollient and moisturizing, providing softness and conditioning the hair.
- It soothes the skin, helps retain moisture and maintains the skin's protective barrier. Its moisturizing and emollient properties help both skin and hair, providing the hair with the necessary nutrients to maintain its tone and elasticity.
- Aloe Vera gel is also an excellent substance for treating sun irritations, which moisturizes and refreshes dry and dehydrated skin.
