

Dye 5.7 Chocolate 140 ml BIO

EAN: 8414002085842 FABRICANTE: HEALTHY BODY

The innovative formula of Permanent Color 5.7 Chocolate is enriched with certified organic sesame oil, sunflower extract and vegetable keratin, which provide the hair with a permanent color with an intense, luminous and long-lasting color.

DESCRIPTION

Corpore Sano's line of permanent dyes is a true revolution, with a formula that provides long-lasting colour and protection to the hair. The colour covers all grey hair and achieves a luminous colour.

Its formula excludes ingredients such as ammonia, resorcinol, paraphenylenediamine (PPD) and paraben preservatives. Sesame seed oil provides hair with nutrition and color protection thanks to its high content of vitamin E and fatty acids. Sunflower extract provides hair with shine and protection. Vegetable Keratin contains a combination of 18 natural amino acids, obtained from Wheat and Soya, with a structure similar to natural hair keratin.

Protects the internal structure of the hair, giving it a shiny color and soft touch.

Color: 5.7 Chocolate. The color obtained on the hair will depend on its current color.

Benefits

Provides long-lasting color and hair protection.
Cares for and maintains the natural balance of the scalp.
Maximum gray coverage.
Without Ammonia, PPD or resorcinol.

Contains

- Wheat: Nutritious and softening.

Wheat Germ is the most nutritious part of Wheat, it is used in cosmetic products for its softening, moisturizing and conditioning properties.

Wheat germ is rich in proteins, carbohydrates, lipids, vitamin E, carbohydrates and lecithin, as well as

mineral salts and trace elements.

Its revitalizing, stimulating and strengthening action helps combat hair loss. Its proteins restructure hair keratin and it contains antioxidants to protect the hair.

- Soy: Conditioner and Antioxidant.

Soy is rich in isoflavones and has a high protein content. It also contains carbohydrates, vitamins and minerals.

This legume originated in Southeast Asia, where its cultivation was essential to supply protein if there was no access to meat.

For cosmetic use, it has nutritional, conditioning and antioxidant properties. That is why at Corpore Sano we use Soy in hair products, where it provides softness and repair to the hair.

- Sesame: Nutritious and Protective

Sesame seeds produce an oil with a high content of vitamin E and essential fatty acids that provide intense nourishment.

On hair, sesame oil provides nourishment and shine, as well as protecting the color from ultraviolet radiation.

Its photoprotective action also has an effect on the skin, to which it also provides an anti-aging action since it protects the cells from free radicals released by lipoperoxides and which are involved in skin aging.

- Sunflower: Moisturizing and sunscreen

Sunflower extract has a photoprotective action, making it very suitable for skin and hair care.

Rich in polyphenols, vitamin E and polyunsaturated fatty acids, it protects hair color from solar radiation and external aggressions, while having an antioxidant action.

Sunflower extract also has great moisturizing and emollient power, which is why it has great emollient qualities.

Recommendations

Read and carefully follow the safety and use instructions contained in the inner leaflet.

CONTAINS:

- 60 ml colouring cream tube.
- 60ml Color Developer Applicator Bottle.
- Sulfate-Free Shampoo Sachet 10ml.
- Sulfate-Free Conditioner Sachet 10 ml.
- Gloves and user manual.

These dyes do not contain PPD, but it is worth noting that people with sensitive skin or who are allergic to PPD may have an allergic reaction to another ingredient. It is therefore mandatory to perform an allergy test 48 hours before applying the dye.

Do not use hair dye:

- If you have a rash on your face or sensitive, irritated or damaged scalp.
- If you have ever experienced any kind of reaction after coloring your hair.
- If you have ever experienced a reaction to temporary "black henna" tattoos.
- Do not use to dye eyebrows or eyelashes.
