

## Potassium Alum deodorant 60 g

EAN: 8414002085002    FABRICANTE: HEALTHY BODY

*Potassium Alum Stone Deodorant made from natural crystallized minerals. It is fragrance-free, non-staining and alcohol-free.*

### DESCRIPTION

- Effective for up to 24 hours.
- Controls sweating.
- Fragrance free, suitable for sensitive skin.

Corpore Sano's Potassium Alum Mineral Deodorant is natural, long-lasting (it can last up to a year) and does not stain. For centuries, the healing and bactericidal properties of crystallized Potassium Aluminum Sulfate have been used, which also effectively combats bad odor in armpits and feet.

On the one hand, its astringent action helps reduce skin sweating and on the other, its acidic nature inhibits the development of microorganisms found on the skin that cause the appearance of bad odor due to bacterial decomposition of sweat.

It is a product made with 100% natural ingredients. It has been dermatologically tested.

It is indicated for people looking for care free of aluminum chlorohydrate, perfume, alcohol and parabens.

Our mineral deodorants are slightly soluble in water and have astringent properties on the skin.

Extract:

## Potassium Alum

### Astringent and Deodorant

Its chemical name is crystallized potassium aluminum sulfate.

On the one hand, its astringent action helps reduce skin sweating and on the other, its acidic nature inhibits the development of microorganisms found on the skin that cause the appearance of bad odor due to bacterial decomposition of sweat.
