

## Strengthening Hair Tonic 200 ml

EAN: 8414002084180    FABRICANTE: HEALTHY BODY

*Prevents hair loss and tones the scalp. Its continued use strengthens the hair and nourishes it from the roots. Ideal for treating the first symptoms of hair loss.*

### DESCRIPTION

Corpore Sano Strengthening Tonic is the ideal treatment to combat the first symptoms of hair loss or to prevent alopecia.

Contains birch and cinchona extracts, as well as wheat sprouts, which provide the hair bulb with essential nutrients that give it the energy needed to strengthen and tone the hair during its growth phase. Cinchona promotes the irrigation of the hair follicle and stimulates hair growth. Active ingredients are obtained from germinating wheat seeds that provide the necessary energy and nutrients to the hair root and strengthen it. Birch strengthens the hair, combats hair loss, degreases and also acts against dandruff.

It is a perfect product for those looking for hair care free of parabens, dyes, silicones and PEGs.

### Benefits

- Prevents hair loss.
- Tones the scalp.
- Strengthens hair with nutrients.

### Instructions for use

Apply daily to the scalp and massage with fingertips for a few minutes to facilitate penetration. Do not rinse.

### Ingredients

- **Wheat :**

Wheat Germ is the most nutritious part of Wheat, it is used in cosmetic products for its softening,

EAN: 8414002084180    FABRICANTE: HEALTHY BODY

moisturizing and conditioning properties.

Wheat germ is rich in proteins, carbohydrates, lipids, vitamin E, carbohydrates and lecithin, as well as mineral salts and trace elements.

Its revitalizing, stimulating and strengthening action helps combat hair loss. Its proteins restructure hair keratin and it contains antioxidants to protect the hair.

- **Birch :**

The water-soluble Birch Extract has astringent power, suitable for regulating oily scalp.

Its composition mainly contains saponins (Betulina), tannins, flavonoids, resins and essential oils.

It is commonly used in shampoos and hair lotions to stop hair loss and strengthen it. It is also used in anti-cellulite cosmetics for its toning power: it gives elasticity to the skin and promotes the elimination of toxins.

- **Quina :**

Cinchona extract is an excellent scalp stimulant. It has an anti-hair loss and purifying effect.

Cinchona has conditioning and antioxidant properties for hair: it protects its natural color and prevents it from being weakened by external aggressions.

For external use it is applied as an astringent, purifier and disinfectant for wounds and sensitive skin.
