

## Continuation Milk 2 + 6 Months 600 g (Cow)

EAN: 7640230491396    FABRICANTE: HOLLE

*Holle formula 2 baby milk is a food supplement that can be used after breastfeeding, if the baby is hungry. It should be part of a healthy and balanced diet that includes baby bottles and grain flour baby food. It is suitable for babies from 6 months to 36 months.*

### DESCRIPTION

#### What are its advantages?

- **Quick and easy to prepare.**
- **It does not contain eggs, gluten, or added sugar.**
- **A smooth and creamy taste.**
- **Easily digestible thanks to vegetable oils.**
- **It can be mixed with porridge.**
- **It resembles the proteins obtained from breast milk.**

#### How should I use this product?

Put hot water in the bottle, it must have a temperature of 50° and it will fill up to half of the bottle.

Then the mixture will be incorporated, using the measuring spoon. Then finish filling the bottle with the rest of the hot water. Shake well and let it rest until it reaches a temperature of approximately 37°.

Once you have followed the steps, it will be ready to eat.

If in doubt, more specific instructions are on the back of the box.
