*Issislen is a laboratory whose products are natural. In Issislen they are characterized by dedicating themselves to the world of professional massage, with their more than thirty years of experience. Issislen products are indicated for athletes in the family. Issislen formulations do not cause irritation at the dermal level.*

### DESCRIPTION

At Issislen Laboratory we work to offer high quality products to obtain guaranteed results. All Issislen products are natural, and follow the strictest tests and quality controls. Issislen products are designed for professionals who prefer the touch of oil at the time of massage. Issislen's modern formulations offer optimal cleansing properties, without causing skin irritation.
