DESCRIPTION

What is Biobel Coconut Bar Soap and what is it for?

Biobel organic coconut soap in bar format is a natural and sustainable cleaning product. It is made only with 100% coconut oil, which makes it a powerful stain remover for all types of garments and is also ideal for hand washing delicate garments.

This coconut soap is produced by hand through the cold saponification process, which preserves its properties and benefits. When used, a rich and creamy foam is created that helps to effectively remove stains. In addition, its pleasant aroma comes from the natural perfume of lavender essential oil.

Biobel organic coconut soap is certified by ECOCERT Greenlife as a natural detergent.

What is the composition of Biobel Coconut Bar Soap?

- >30%: sodium cocoate;
- <5%: glycerin
- Lavender essential oil
- Tocopherol
- Contains: linalool, limonene (component from essential oil).
- 100% of the ingredients are of natural origin.

How do you use Biobel Coconut Bar Soap?

Moisten the garment and rub with the bar of soap until it foams for a few minutes. Depending on the type of stain, it will be necessary to be more persistent. Subsequently, you must rinse the garments very well.
