Vital dishwasher is a detergent to wash kitchen utensils manually. Clean and degrease

DESCRIPTION

What is the Vital dishwasher and what is it for?

The Vital Dishwasher is a manual detergent specially designed to clean and degrease all kinds of kitchen utensils, crockery, glassware, and more. Best of all, it is gentle on the skin and takes care of the most delicate hands, since it is not aggressive.

This product has received a special recommendation from AVASFASEM due to its cleaning power. In fact, it can be used not only to wash kitchen utensils, but also to clean bathrooms, tiles, floors and any other part of the house that needs to be cleaned with a fragrance-free product.

The Vital Dishwasher is versatile and efficient, providing satisfactory cleaning results without compromising the softness of your hands.

What is the composition of the Vital dishwasher?

- 15-30%: anionic surfactants;
- <1%: preservative.
- DOES NOT CONTAIN: perfume, bleach, dye, phosphates or enzymes.

How should I use the Vital dishwasher?

Apply the product directly to the slightly damp sponge. Repeat when the foam starts to disappear.
