

## DHA VITAL 60 pearls of 697 mg

EAN: 8437011373083

FABRICANTE: JELLYBELL

*DHA vital is a dietary supplement containing DHA and vitamin E. It helps reduce cholesterol, thus preventing myocardial infarction.*

### DESCRIPTION

#### DHA

Docosahexaenoic acid (DHA) is recommended as an adjunct to diet to reduce hypertriglyceridemia in adult patients and also as an adjunct to diet and other treatments in the secondary prevention of myocardial infarction.

#### Vitamin E

It is a powerful antioxidant that helps protect the fatty acids in our body. It helps fight cell aging and free radicals that cause tissue degeneration.

#### Amount provided per daily dose (2 pearls):

- 2,501.76 mg Fish Oil (provides 2,000 mg of DHA) (OMEGA 3).
- 12 mg Vitamin E (100% NRV).
- Contains fish oil.

NRV: Nutrient Reference Value.

#### Instructions for use

Take one pearl with a little water (100ml) before lunch and another before dinner.
