

Salt Salys 9 NaP 90 tablets

EAN: 8437011373274 FABRICANTE: JELLYBELL

Na and P compounds are powerful catalysts of all chemical reactions.

DESCRIPTION

Na and P compounds are powerful catalysts of all chemical reactions. They neutralize the acidity of the soil or acids. They promote alkalinity. It breaks down lactic and uric acid in the blood, transforming them into harmless compounds. It dissolves sodium urates in the joints. It stimulates the transport of uric acid from the tissues to the blood, where it is neutralized. It acts directly on bile, regulating its fluidity to prevent crystallization in the gallbladder and ducts. It acts on the metabolism of fatty acids, emulsifying them and promoting their assimilation. It decongests the lymphatic system by dissolving the fats carried by lymphocytes that can block lymph nodes or glands. Dissolves deposits in the joint system.

SUGGESTIONS

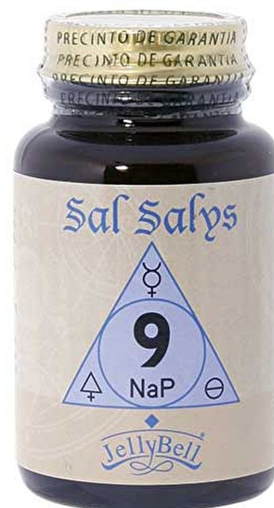

All rheumatic diseases.
Pathologies that occur due to the acidification of tissues due to a loss of homeostasis.
Digestive dysfunctions (hyper or hypo-function), (Gastric juices).
Biliary and renal lithiasis. Uric acid. Hepatic colic.
Migraines or headaches caused by biliary tract.
Heartburn, gastritis. Certain diarrheas (acid), belching, and sour vomiting.
Increases metabolic eliminations.
It acts on the nervous system by stimulating the synthesis of phospholipids.
In all inflammatory processes.
Roundworms or filamentous worms.
Composed of ENDOTHELIAL tissue and MUCOUS MEMBRANES.
The patient's condition gets WORSE due to sugar consumption.
He has an aversion to sweets.

Ph regulation.- Alkalinizing.- Rheumatism.- Uric arthritis.- Lithiasis.- Burning gastritis.- Associated with the strength of Venus.

Salt Salys 9 NaP 90 tablets

EAN: 8437011373274 FABRICANTE: JELLYBELL

Composition:

In addition to the mineral salts used as ingredients, rice protein has also been used, which provides important nutritional value and helps the body to better absorb and assimilate the salts.

Instructions for use:

Chew and dissolve 1 tablet in the mouth, 3 times a day (breakfast, lunch and dinner). Excessive consumption may have laxative effects.
