

Salt Salys MgP N7 90 tablets

EAN: 8437011373243 FABRICANTE: JELLYBELL

Mg and P compounds intervene in coagulation factors by acting together with the enzyme prothrombin in the process of fibrin synthesis through fibrinogen.

DESCRIPTION

Mg and P compounds intervene in coagulation factors by acting together with the enzyme prothrombin in the process of fibrin synthesis through fibrinogen.

They participate in biological processes and the synthesis of muscles, teeth, bones and blood cells (ATP, nucleic acids, proteins and enzymes).

It acts mainly on the white matter of the brain, spinal cord and nervous system (synthesis of neurotransmitter peptides that mediate brain responses).

Intervenes (P) in the balance of Ca in the proportion of 1 to 2.

It acts on the functional alterations of Mg that prevent the contractions of muscle fibers.

It acts on the adrenal cortex, in the synthesis of mineralocorticoids, glucocorticoids, androgenic steroids and regulating the secretion of adrenaline.

SUGGESTIONS

Nervous states. Nervous tics. Shooting, stabbing pains.

Situations of nervous, emotional or environmental tension.

Alterations in coagulation factors.

Anti-spasmodic action (cramps, asthmatic cough, colitis, convulsions). SPASMOPHILIA.

Cardiovascular conditions, arrhythmias, palpitations, chest tightness).

Bone demineralization.

People who are very thin and exhausted due to a state of nervousness.

Rheumatic pain, neuralgia, polyneuropathies.

Inflammations. Erratic pains that change location.

Heartburn. It is capable of absorbing all types of digestive gaseous emanations.

IMPROVES with pressure and pain heat.

IT GETS WORSE at night and in the cold.

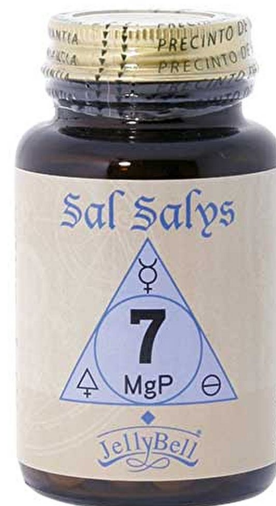

Nervousness.- Agitation.- Stress.- Coagulation disorders.- Antispasmodic.- Antineuralgic.- Tics.- Heart rate regulator.- Associated with the power of the Sun.

Salt Salys MgP N7 90 tablets

EAN: 8437011373243

FABRICANTE: JELLYBELL

Composition:

In addition to the mineral salts used as ingredients, rice protein has also been used, which provides important nutritional value and helps the body to better absorb and assimilate the salts.

Instructions for use:

Chew and dissolve 1 tablet in the mouth, 3 times a day (breakfast, lunch and dinner). Excessive consumption may have laxative effects.
