

Sunscreen SPF50 Organic 100 g

EAN: 3770019374177 FABRICANTE: KERBI

Organic Sunscreen with mineral filter, non-greasy, without white effect and respectful of the skin and the oceans.

DESCRIPTION

SPF 50 sunscreen effectively protects the face and body from the harmful effects of the sun. It contains ingredients to hydrate, prolong the tan and promote the natural synthesis of vitamin D. An innovative and certified organic formulation, non-greasy, without a white effect, and more respectful of the skin and the oceans. Produced locally in Brittany.

- ? Effective broad-spectrum UVA/UVB mineral filter.
- ? Formula 99% of natural origin and certified ORGANIC
- ? Monoi iodine perfume
- ? Suitable for ages 6 and up

This sunscreen will suit you if:

Whether you have milky or clear skin: its high protection formula offers an effective defense against UVA and UVB rays.

You want to protect your skin from sun damage (wrinkles and spots): its reinforced UVA protection has a result of 27 - PA++++.

You're looking for a light, non-greasy sunscreen that applies easily and leaves very little white residue.

You want a natural formula, certified organic, made in Brittany, committed to the oceans and with real knowledge about the sun and the skin.

- Effectively protects against UVA/UVB rays.
- Efficacy proven by 3 independent laboratories in France, Italy and the United States.
- Promotes the natural synthesis of vitamin D.
- Moisturizes and prolongs the tan.
- 99% of natural and certified organic origin.
- 1% of turnover donated to preserve the oceans.
- Vegan and not tested on animals (according to legislation!).
- Tested as non-ecotoxic on algae.
- From 6 years old.
- Monoi iodized fragrance, fresh and light.

Sunscreen SPF50 Organic 100 g

EAN: 3770019374177 FABRICANTE: KERBI

- Rated excellent on INCI Beauty.
- Made in Brittany.

Application areas: face and body.

For women, men and children over 6 years old.

Application: Apply a generous amount of sunscreen and then distribute it evenly from top to bottom, avoiding circular movements. For the face, use every morning on clean, dry skin, after applying serum and moisturizer, but before makeup. Make sure you remove your makeup at night.

Storage: Keep the sunscreen in a dry place away from light and heat. Use within 6 months of first opening the sunscreen.

Recommendation: It is recommended to renew your sun protection product every year to ensure good effectiveness and better protect your skin.

Repeat its use frequently in sufficient quantity and especially after each bath. Avoid exposure between 12 pm and 4 pm, otherwise wear protective clothing. Overexposure to the sun is a health threat. An insufficient amount applied significantly reduces the level of protection.

? Think about sorting! 100% Recyclable: Bottle to throw into the yellow classification container. No need to rinse it. Label that must be removed from the bottle and thrown into household waste. Hat to throw into the yellow sorting container.
