

## WILD YAM NATURLIDER STD 60 Vcaps

EAN: 8414606301577    FABRICANTE: LABIATAE

*Wild yam naturlider is used as a natural alternative to estrogen use, to increase sexual desire in men and women, and for premenstrual syndrome.*

### DESCRIPTION

**Wild Yam Naturlider**, is a food supplement used for **premenstrual syndrome**, osteoporosis, rheumatoid arthritis, infertility, as a natural alternative to the use of estrogens, and to increase energy and **sexual desire** in men and women.

Wild yam root is native to North America. The plant has tender, heart-shaped leaves, green in color, and the part used is the tuber. The tubers are the thickened roots of the plant, they are rich in starches and contain diosgenin, a type of saponins used to synthesize various steroids, such as estrogen.
