

Organic Propolis Extract 50 ml

EAN: 3486330028995

FABRICANTE: LADROME

Organic propolis extract, to increase defenses naturally.

DESCRIPTION

Ladrome organic propolis extract is obtained by cold maceration of propolis in organic alcohol and water. This process allows obtaining a quality extract rich in active ingredients. Synergy of green propolis and brown propolis.

Propolis is obtained from a resinous substance collected by bees from the buds of certain trees (birches, poplars, etc.). The bees then mix this substance with their own saliva, wax and pollen to produce propolis.

Composition

Ingredients daily dose (75 drops): hydroalcoholic extract of propolis* (2.5 gr).

(*) Ingredient from Organic Farming
