Web: <https://lamberts.es/>

Lamberts manufactures more than 190 nutritional supplements that we can classify into several categories: vitamins and minerals, amino acids, digestive aids and omega 3, 6 and 9 fatty acids, and on the other hand, herbal extracts and other nutrients.

DESCRIPTION

Lamberts® entered Spain in 1989 to exclusively distribute Lamberts products in Spain and Gibraltar, Lamberts has nutritional supplements to cover all the needs we have so that our state of health is the best possible.

Lamberts is a brand committed to excellence in the manufacturing of its products. Each phase of the process, from raw material selection to final production, is carried out meticulously to maintain high quality standards. Extensive testing is performed and rigorous GMP quality controls are followed to ensure products meet label specifications.

The quality, purity and potency of the raw materials are carefully evaluated to guarantee their suitability in the production of Lamberts products. Additionally, testing is carried out both during manufacturing and on the finished product to verify its integrity. All of this underpins the reputation for excellence of Lamberts products.

Since 1989, Lamberts Española has distributed in Spain the wide range of LAMBERTS® products, considered by Health Professionals as a leading brand of food supplements due to its high quality and effectiveness, being present in more than 39 countries, with more than 200 food supplements. for Optimal Nutrition, with the following categories:

- Vitamins
- Minerals
- Amino acids.
- Digestive aids.
- Multis Formulas.
- Fatty acids.
- Other nutrients.
- Herbs.

LAMBERTS

- Sports range.
- For children.
- For pets.

LAMBERTS® products are recognized for their optimal quality and safety as food supplements.

All the brand's products are free of Palm Oil and Aspartame, which guarantees their purity and safety.

LAMBERTS® Fish Oils have Friend of the Sea Certification, a distinction that ensures their origin from sustainable fishing and aquaculture.

Some notable products, such as Vitamin B50 Complex or Colladeen Derma Plus, have been acclaimed for their results in clinical studies, being recognized as "winning formula" and "one of the best products of the year 2012", respectively.

The Florisene® product received the award as Winning Product at the Hair Science Awards 2018 in the United Kingdom, while in December 2022, two multivitamins from the brand, Multi-Guard Methyl and Multi-Guard ADR, were awarded at the United Kingdom.

It is not surprising that Health Professionals prefer LAMBERTS® products for their daily practice due to their quality and effectiveness.

Correct dosage is essential in quality food supplements. LAMBERTS® ensures that all its products have the appropriate potency, backed by a solid scientific basis.

The company is distinguished by its informative and accurate labeling, being a pioneer in this aspect in the food supplement industry. The information on the labels accurately reflects the ingredients used, both active and inactive.

LAMBERTS® tablets or capsules contain the specified active ingredients, along with inactive ingredients necessary for stability. The company believes that it is essential to provide transparent and accurate information about its products, thus differentiating itself from other brands that may exaggerate their contents without scientific basis.

In summary, LAMBERTS® is distinguished by its commitment to quality, safety and transparency in the production of premium food supplements.
