

Menopause Complex 30 tablets

EAN: 5055148414481 FABRICANTE: LAMBERTS

For during and after menopause. With plant-based phytoestrogens.

DESCRIPTION

Meno-Pause Complex contains Lifenol®, a patented hop extract that provides a guaranteed level of the active compound 8-prenylnaringenin (8PN), per day. 8PN is considered to be one of the most potent phytoestrogens. Lifenol® hops have been included in clinical studies investigating their effects on various menopausal symptoms.

This product also provides a blend of plant-based estrogenic ingredients to help maintain a calm and comfortable menopause.

Lamberts® has included **soy** extract at a level comparable to the individual products, providing 50 mg of pure isoflavones per tablet. In addition, it contains sage extract, with a controlled and low level of thujone. This combination is designed to support women during and after the menopause.
